Teacher Feedback and analysis
Session 2019-20
FEEDBACK SYSTEM**

IQAC has made it a tradition to mandatorily collect feedback from alumni in each session through structured feedback forms. The task is completed via Feedback Committee. During the session, the committee distributes and collects the filled feedback forms and submits it to IQAC. Then, IQAC analyses and interprets the data and strives for taking further actions as per feedback report.

Collection of Data: The feedback is collected manually by circulating the feedback forms.

Students: It is being assured that at least 50% of college students fill the feedback forms. Equal representation is given to all streams and proportionate stratified sampling is used for collecting feedback from students.

Analysis and Interpretation: The data is analyzed through percentages. Charts and diagrams are prepared for easy understanding by using Microsoft Excel.

Action Taken Report: Based on the analysis, IQAC in consultation with principal, calls for meetings to discuss raised issues and suggestions. Necessary actions to be taken are decided accordingly. Action taken report is prepared.
